in clothes. Drove up late. Stopped in Columbia
to cash checks. Went to the Gallery and Dick Allen
had a free turkey sandwich. Chris tried to cash a check
and couldn't. Got passed off and left the tour.
Chase went after him. Came back said Chris
didn't want to have anything to do with the tour.
Chase going along with Joyce, Peter. Rather stupid.
Stopped at Mifflinsville, Penn. Had lunch. Got in
Harrisburg ^{11:30}. Saw auto show. Played vending game.

October 12 Tuesday

To do publicity in Harrisburg.
Drove at 1:00pm. People from cast coming back from
interviews. Had lunch with A. Smith & Son.
Went to play a piano in meeting room. Five min
later, told by house manager that we couldn't
play. Went to room. Went to Dane's room.
Rapped with Larry Elton & Gil & Dane about piano.
Larry agrees something has to be done. Go to
large shopping mall in Harrisburg last for
publicity. Meet and talk to several people.
Got kicked off a piano in staircase. Made
money order and fixed watch. Took off to
some really together people's house and
rapped till about 12:00 mid. Came back
to motel and found Larry S. ad Gil up.
Rapped with them. (Bill, Dane, Joyce, Joe,
and I were together thru the duration of
the evening.) Found out Bill didn't much
give a shit about Joe or John. Thought
John was really dumb. Didn't regard
Joe as much of anything either. Was good to hear

October 12, cont

We all (missus Joe) went to some greasy spoon restaurant to eat. Rapped to Bill about sound. Think maybe he and I will work well together. Found out Bill also hates Dick Schumaker too. Got back and split up to get some nach. Found out Chris preplanned to leave tour.

After dinner went and talked with Bob and wife in his room. We discussed how piss poor the show was. Went and talked to Dave, Tyrone, Lynch, Andy. They felt the same way. Found out Jesus was coming with Mike Moran tomorrow to discuss show. Went to bed late ~~but~~ cause I gave Bob Mills tech cues for lights. Dave rapped to Tim for long time about Sherry.

Andy S. and Gil. Lynch picked up two
chairs, both burners. Decide we have to
talk to Moran. He saves show. Rapped
with him till 3:00 AM. Bob, Andy S., Dave, Gil,
Lynch, Larry, and myself were there. Not much
got said. Moran knew what we were thinking.

Set band up differently. Not so good. Show
seemed better but soon thumbs still stuck

Tom picks up some chick on the way. She's really spaced out over the fact that we're from Superstar. Strange chick. Set up was quick. Changed band. All of them liked it except for Larry and Gil. Hassels cause they never have solutions, only criticisms. Berkley apologized to me for them. Place was small and dead. Room was great. Show sounded good except that someone messed up fight scene. Blissed at chase for that. Port playing weird shit on bass. Getru pissed off at him. Getru heard things he had never heard before. Didn't like what he heard. Jerome watched show from sound booth. Watched Andy closely. Hall was small and excellent with acoustics and we used their lights. Sounded good. Chase seemed happy with afternoon show. But not with evening show. I sell outs. After show, I tore down my equipment noticing that he didn't have to do anything. Bill asked him to help tear down sound equip. But he said he didn't have to so he didn't. I got pissed off and told Green I wasn't going to direct loading the truck. I was fed up with everybody not giving a shit so I decided rather than be an odd-ball, I would just not do it. I split and hitched a ride back to the motel. Came back to room and crashed in my clothes. Lynch woke me up at around 2:00 am. I got undressed and crashed again.

Stage was about 32' x 20'. Terrible set up. Had all kinds of trouble with P.A. Show was piss poor. Dave said he talked to Ferbott and also that he was going to audition of Stigwood. I freaked out. Green didn't tell cast about intermission thing. We were all fucked up. Mixer in board went bad. After show I tore down my stuff and walked back to Holiday Inn. Tried to find Dave. Not around. Had a drink with Tyrone and came up to room. Drew truck loading sequence diagram for Kirby and took shower. Then I crashed.

with Dave. Left at 10:00. Bus ride
was shitty. Stopped in Milton P.A. for
lunch. Rapped on bus about solutions
to problems. Joyce told Gil that he
played flat in Ann's song which
causes her to sound sharp. Dumb
bitch. Had to take 2nd Pictures again.
Arrived in Steubenville at 8:00 pm.
Incredible bus ride. Tom starting to get
on my nerves. Got something to eat when
we got in. Sat by myself. Larry E. joins
me and asks me about the problems
of the tour. Odd! I've never been asked
my opinion on serious matters. I told
him he went to hall at 9:30 to
check things out. Came back and
had meeting with concerned people
in east and band. I wanted to
invite everyone to meeting. Some people
didn't think that was too cool. Larry
said that he'd listen to us. So we
spoke. I found out Chase made every-
thing we said to Moran very petty and
passified. Moran. Pissed off again. Harry
said he would talk to Moran tomorrow.
Said he'd tell him we have solutions to the
problems. Went to room and crashed.

When Mary's turn came up, Andy S. was on bass, I was on drums, Jerry on flute, Burkay & Bennett. Ann got pissed off and said she wasn't going to do show, fuck her. Chase called Joyce up and started rehearsing with her. Things were looking pretty good. Great!! (In fact.) We left and I had dinner with Gil, Larry, & Dane. Ann is quitting for good! Joyce did fantastic show and Jeanette was marvelous. At end, she was crying when she did "Take my mother home". Curtain call was terrific. Lynch came on stage and hugged Jeanette. Bad foresight on Chases part for letting Jeanette do spiritual. After show, I gave Jeanette my sympathies and told Joyce she did well. (much better than Ann) Tore down and went to Dan's room where I found everyone. Pat, Dan, Dave all stoned except for Gil. He saw Ann drunk out of her mind. Found out Chase was leaving show.
